

# Agave Manual

Octopus | Sawtooth | Sharkskin

## Included

- leaf plates
- nut and washer
- base plate

## Needed

- 3/4" deep well socket or adjustable wrench

- 1 Align post and key with matching openings in leaf plates.
- 2 Spread #1 and #2 leaves open wide for ease of stacking.
- 3 Slide #1 leaf onto base post and key. (fig. 1)
- 4 Continue to stack leaves #2, #3, #4, etc.

(continued on next page)

5 Place washer onto post and key after all leaves have been secured.  
(fig. 2)

6 Tighten down nut and compress the leaves.
