# Mustang Hi-Dex MU3664

The MU3664 is made with top-quality honey gold grain goatskin that provides strength and durability yet remains soft and comfortable during hot and sweaty work conditions. Strategically positioned second layers of premium goatskin in the palm, fingertips, thumb crotch, index finger, and knuckle provide additional protection without sacrificing dexterity. Other features include a shirred elastic cuff, comfortable wing style thumb, and an arc rating of 34 cal/cm<sup>2</sup>. This CAT3 rated field glove will provide all-day protection and comfort to get the job done. If you are looking for the best leather work glove options, look no further than MCR Safety!
