# KASK SUPER PLASMA HELMETS

## The Newest Evolution in Rescue Helmets

Distributed by **CMC Rescue**.

The Kask Super Plasma helmets have been specifically designed for professional rescue and work-at-height applications. They are lightweight, compact and amazingly comfortable. Kask Super Plasma helmets are well-ventilated and equipped with protective aluminum anti-intrusion grills to deflect debris and water.

The advanced shape of the inner shell offers improved durability and better adaptation to all head sizes. Works perfectly with the CMC Rescue Sunbrero (Item #492155, 492159). Made in Italy.

**ABS PLASTIC** —  
designed to withstand  
significant impact

**SOFT POLYETHYLENE  
SIDE RETRACTORS** —  
regulate length of the straps,  
with a special red-colored  
ring on one for fastening the  
helmet to a harness

**FOUR FASTENING  
POINTS** designed to  
decrease the risk of  
helmet loss in case  
of an impact

**BREAKING STRENGTH**  
of more than 50 daN  
or 112.4 lbf

### WEIGHT 1 LB

| ITEM # | COLOR        |
